

Fall 2024

Dear Friend,

This is OUTRAGEOUS!

As a taxpayer, a law-abiding firearms enthusiast, and a Canadian, I'm angry. And I think you will be, too.

Over \$67.2 million of YOUR hard-earned tax dollars have been WASTED on Justin Trudeau's so-called "Gun Buyback" program... and not a single firearm has been bought back!

Let me be clear - I don't think a single, solitary firearm should be "bought back" by the government.

Those guns are ours - and it's our right to own them! But when I hear Trudeau spent \$67 million plus so far on a program that doesn't even exist yet, I can't help but be suspicious.

How about you?

To me, Trudeau's \$67-million non-existent "Gun Buyback" isn't just a classic case of government incompetence. It sounds like a full-blown scandal... **and just the latest attack on firearms users like you and me.**

But there's still time to expose Trudeau's corruption, hold him accountable, and fight for our rights.

And it starts with **YOU**.

That's why I'm asking you to please sign the enclosed Investigate Trudeau's "Gun Buyback" Scandal Petition, addressed to Canada's Auditor General, Karen Hogan.

Next, use the postage-paid envelope provided to return it to me as soon as possible so I can compile it alongside those I receive from across Canada and present them to the Auditor General in an overwhelming show of strength from our country's incredible firearms community. Thank you!

This new petition from Canada's National Firearms Association (NFA) urges the Auditor General to fully investigate Trudeau's "Gun Buyback" scheme.

It's time Canadians learned...

- ... where did the \$67.2 million go?
- ... who is Trudeau making filthy rich with his "Gun Buyback" scheme?
- ... how much more above the \$67.2 million already squandered will Trudeau's confiscation cost?
- ... what are the 60 government employees assigned to Trudeau's "Gun Buyback" even doing?

... have any laws been broken?

I truly believe that by getting to the bottom of the mysteries surrounding Trudeau's "Gun Buyback" and exposing Canadians to the truth, we can cripple the Liberal government and end Justin's civil disarmament agenda for good.

That's why I need your signed **Investigate Trudeau's "Gun Buyback" Scandal Petition** at once. Use the postage-paid reply envelope provided to send it back to me today.

It's time to get the Auditor General on the case!

For years, Trudeau has been on an ideological mission to confiscate legally owned firearms from Canadians, while completely ignoring the real sources of gun violence – criminals who smuggle weapons across his weak borders.

But instead of taking REAL action to keep Canadians safe, Trudeau is focused on destroying our rights, while funnelling millions to bloated government bureaucracies and consulting firms like IBM to develop his tyrannical program.

*Not a single gun has been confiscated, yet 60 government employees are collecting hefty paycheques to work on this fantasy of a program.

Just how many bureaucrats does it take to confiscate one gun? Well, so far, the answer is "more than 60."

And if that weren't bad enough, don't forget this is just one of many scandals under Trudeau's reign - **Remember ArriveCAN (AKA ArriveSCAM)?!**

Millions were wasted when an \$80,000 program turned into a \$60-million boondoggle, with no accountability. Meanwhile, it led to Canadians being needlessly detained, accosted, and effectively placed under house arrest by their own government.

Sound familiar?

Yes, I believe Trudeau's "Gun Buyback" is another ArriveSCAM in the making... only this'll be much worse.

That's why the Auditor General must step in and launch a full investigation. So please, return your signed **Investigate Trudeau's "Gun Buyback" Scandal Petition** today.

Now, here's what Trudeau's counting on... His bought-and-paid-for friends in the legacy media - like the CBC - will cover it up for him, just like they ALWAYS do.

You see, Trudeau's media allies are content to let millions of your tax dollars disappear into a corrupt scheme while law-abiding gun owners like us pay the price... **so long as THEIR gravy train continues.**

That's why the NFA needs to expose this corruption.

As the voice of Canada's firearms community, the NFA never relies on the mainstream media to get our message out. We fight for you - directly - through the courts, on the ground, and up on Parliament Hill through our lobby efforts.

But we need your help to do it - especially when it comes to leading this new effort to expose the truth behind Trudeau's "Gun Buyback" and convincing the Auditor General to act. So, here's what I'm asking you to do now:

- (1) **Sign the enclosed petition** to Auditor General Karen Hogan - and demand a full investigation into the sketchy "Gun Buyback" program,
- (2) **Rush your signed petition back to me today** in the postage-paid envelope provided, and
- (3) **Include a donation of \$25, \$50, \$100, \$250, \$500, or even \$1,000 or more to help the NFA continue fighting for your rights.** We can't count on the CBC or Trudeau's media allies to expose this scandal- but we can count on you. Your contribution will fuel our legal and political battles to expose the corruption in this government.

Friend, the stakes have NEVER been higher. If we let Trudeau get away with this new scam, what's next? I know...

More wasted millions, more restrictions on our freedoms, and eventually the complete confiscation of our firearms - the fulfillment of Trudeau's long-held authoritarian dream of **FULL CIVIL DISARMAMENT** in Canada.

\$67 million is a lot, it's true.

But this fight is about so much more than money. It's about freedom - the freedom for law-abiding Canadians to own and use firearms safely and responsibly without being treated like common criminals or second-class citizens.

Trudeau's tyranny must end here.

But I need to be blunt with you - this fight will be LONG, DIFFICULT, and VERY EXPENSIVE. The Liberals have the full power of the federal government behind them, backed by their friends in the mainstream media.

But we have something they don't - YOU! With the strength of grassroots freedom fighters like you standing with us, we can expose Trudeau's lies, stop his gun-grabbing schemes, and protect our freedoms.

Please don't delay. Sign your petition, rush it back, and include your most generous contribution to help us in this critical battle. Together, we can stop Trudeau's corruption and protect Canada's law-abiding gun owners.

Sincerely,

Rick Igercich

*National President & CEO,
National Firearms Association*

P.S. Trudeau has already wasted \$67 million plus on a gun confiscation scheme that doesn't exist. Not one firearm has been bought back, but Trudeau is just getting started. And with his media allies on his side, the truth will never come out unless we expose it. **Sign the enclosed petition to the Auditor General and include your most generous donation of \$25, \$50, \$100, or more today!**
