CORONATION STATUS – CLUB & PROPERTY

CONTEXT

In continuous conversations around this topic over the past many AGM's – the Coronation is in place that in the event of the Club closure the Club and all its assets would be donated to a Named Beneficiary and not the Town of Huntsville – HPRC would control the Coronation transfer ... This has been an ongoing item for MANY MANY years

STATUS

The Club to date has had our Law Firm lead this area with NFA Support

At this time there are many organizations working through the Legal aspects in the same situation as our Club including Firearms Safety Education Service and the NFA

HAS NOT
CHANGED

WILL NOT
CHANGE ...

We are leveraging these organizations to spend their legal funds to than establish a **precedent** that our Club can simply leverage and fall under. This is the best use of our time and money at this point

There is no further action required in this area other than waiting for a new precedent to be set by other “like-minded” organizations
We remain seized in the endeavor

PROTECT YOURSELF

BE A RESPONSIBLE FIREARMS OWNER

All firearms must be **ACTS&PROVE** at your home first before boxing.

Pack & Transport all your Firearms & Ammo safely as per the **HPRC** & CFO guidelines.

Have all required paperwork with you for whatever firearms you are traveling with.

Everyone needs to leave **HPRC** with the same number of fingers/toes they showed up with.

Be mindful of what you Can and Can't do when Range Status is **RED** or **GREEN**.

Communicate with other members when changing range status or going down range.

PROTECT THE CLUB

FOLLOW THE PROCESS – KEEP HPRC STRONG

HPRC only exists if Every Member follows the same Process, Every Time, that is what we mean by Protect the Club.

Our Process is in place not only for CFO compliance but also to Keep You Safe and our Range in business.

There is no Grey Area when it comes to our Process.

Speak up, let us know if there is anything you See that needs Attention.

Be very mindful of your Guests, you are 100% responsible for them.

Help each other out – our Membership bonds us all.

MOTIONS

TO PUT FORTH

GENERAL DISCUSSION

GENERAL DISCUSSION

Discussion brought up about HPRC Name Change – this topic was fully covered in last years AGM
It would involve a new incorporation which could trigger a full re-address of range with CFO office

Time is better spent on doing things to the Club to attract new members
We get 50+ inquiries/applications each year, the name isn't the issue
Our issue is we have a limited amount to offer non-pistol shooters

Discussion brought up Range Air Quality – this topic was fully covered in last years AGM

We did an investigation around how we could bring in a “reasonably priced” air improvement system – something under 10k
The answer was to implement an HRV system and ducting that would run above the shooting stalls and in some other spots with the range –
ducting has to be protected from shots etc – along with improved or added layers of filtration within the hrv

The HRV would simply function as a mean to “replace / cycle out” the air in the range with clean air on a regular cycle

It would be no means represent anything like other gun ranges like Target and Gannon have – those are 100K+ solutions

Budget wise this was something we could not pursue in 2026 as the building exterior work and repairs we knew would eat into most of our funds (and were priority) – It was pushed out to 2027 or 2028 only after all the exterior work was completed

POTENTIAL MEMORIAL PLATE FOR BRANDON

CONTEXT

A motion was put for the to talk to Brandons family to see if they were good with them engraving a simple small plate in his memory. This would than be place on our outside portico. This is based on their approval as they have kept his entire passing within the family – no public

Vote was had and passed

STATUS

The Club will go ahead with approach the family

Motioned: AndyP / DavidB

MOTION

BIG
TO
ALL
OF
YOU
THANKS

**THANK YOU
FOR
SUPPORTING
US**

**THANK YOU
FOR
BEING ONE
OF US**

**OBVIOUS TO BOTH PARTIES
WHY HPRC ISN'T GROWING**

WE NEED TO MAKE SOME CHANGES

**KEEP
CALM
AND
FOLLOW
THE PROCESS**

**VERBAL
COMMITMENT FROM
OUR CFO THAT THEY
WILL WORK
WITH US
TO HELP CHANGE
OUR OUTDOOR
RANGE DISTANCE
RDA & CALIBER USE

NO GUARANTEES**

**WE WILL BUILD UP THE
NECESSARY DOCUMENTS
FOR THE CFO TO REVIEW**

**THIS HAS STARTED AND
WILL CONTINUE OVER THE
NEXT 4-6 WEEKS
IT IS A TON OF WORK**

A SAMPLE OF SOME OF THE PACKAGE IS SHOWN IN SOME SLIDES NEXT

**THEN WE HOPE THAT OVER
THE WINTERTIME FRAME
THE CFO CAN MAKE A
DECISION**

**IT IS IMPORTANT TO NOTE THAT BEYOND CFO
APPROVAL**

**OUR GOAL IS ESTABLISH A “NO RESTRICTIONS” RANGE
WITHIN THE CFO APPROVAL SIDE OF THINGS AND
WHATS AVAILABLE WITHIN OUR SPACE**

ALL RESTRICTIONS WOULD BE DONE AT A CLUB LEVEL

WE AS A CLUB DECIDE AFTER NOISE TESTING, ETC

WHAT WE ALLOW AT IT

**WE AS A CLUB CAN MAKE CHANGES ANYTIME, WE FEEL
THE NEED –**

**WITHOUT HAVING TO GO THROUGH THE HEAVY
PROCESS AGAIN WITH THE CFO**

100 YARD SHOOTING SHELTER – 25 FT WIDTH

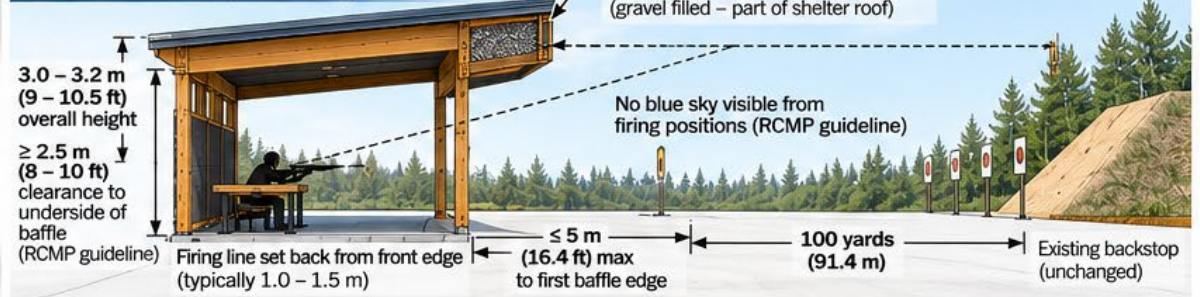

Up to and Including .308 – 4 Benches + 1 Standing Position + Prone

KEY FEATURES

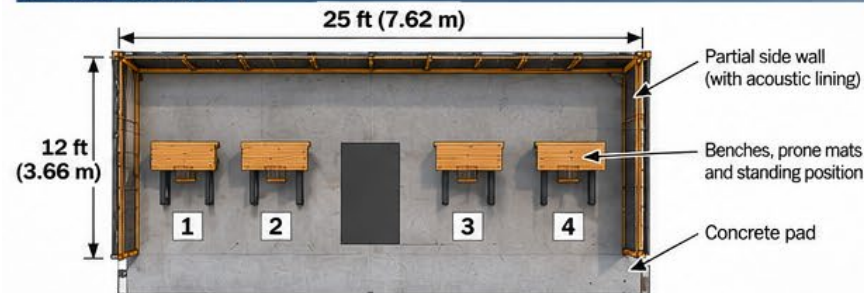

- 25 ft (7.62 m) wide x 12 ft (3.66 m) deep concrete pad
- 4 shooting benches + 1 central standing position (rubber mat) + prone mats
- Integrated first overhead baffle (gravel filled) as part of shelter roof (≤ 5 m from firing line)
- No blue sky visible from firing positions
- Designed for up to and including .308
- Reduces noise to neighbouring properties
- Full rear wall and partial side walls with acoustic treatment
- Gravel-filled baffle with timber facing and air gap
- Meets RCMP Range Design and Construction Guidelines (2021)

Overall roof height
~ 3.0 – 3.2 m
(9 – 10.5 ft)
(≥ 2.5 m underside
clearance per RCMP)

Fasteners	Galvanized structural screws/bolts, joist hangers, post bases, hurricane ties

SAMPLE ONLY

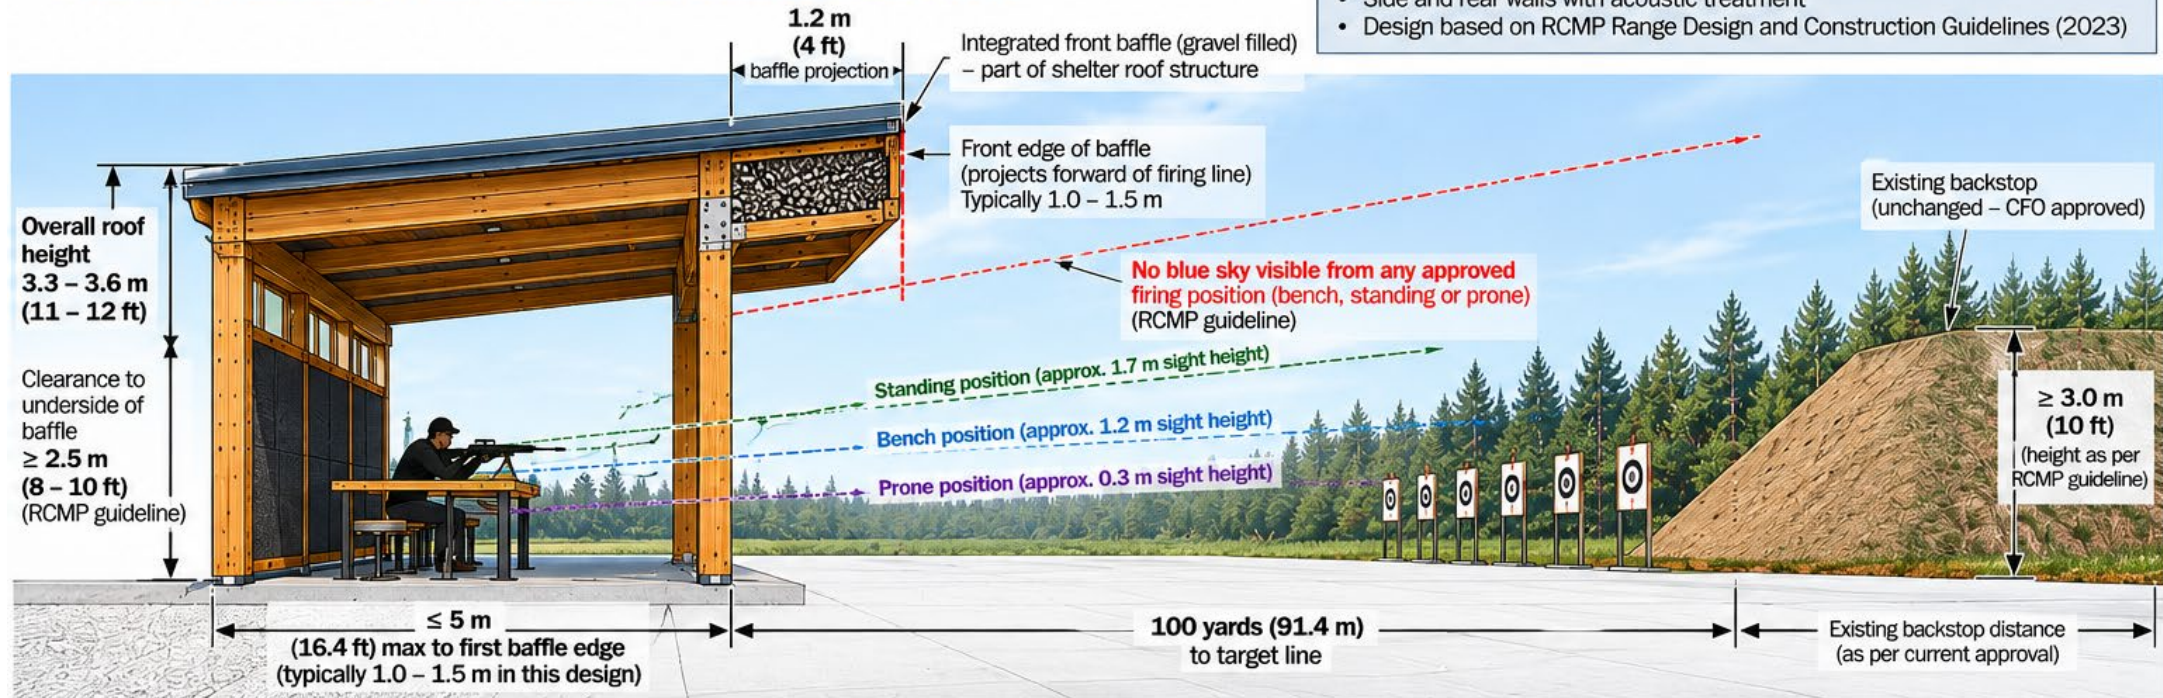

SHEET B – SIDE ELEVATION & FIRING ENVELOPE

100 YARD SHOOTING SHELTER – 25 FT WIDE

4 Benches + 1 Standing/Prone Position – Up to and Including .308

KEY DESIGN ELEMENTS

- Integrated overhead baffle with 300 mm gravel fill (for .308)
- No blue sky visible from any approved firing position
- Front corner posts define left/right shooting angles and support baffle
- Side and rear walls with acoustic treatment
- Design based on RCMP Range Design and Construction Guidelines (2023)

SHELTER FRONT ELEVATION

100 YARD SHOOTING SHELTER – 25 FT WIDE

4 Benches + 1 Standing/Prone Position – Up to and Including .308

MAIN DIMENSIONS (FRONT ELEVATION)	
Overall width	25 ft (7.62 m)
Overall roof height	3.3 – 3.6 m (11 – 12 ft)
Clearance to baffle (min)	≥ 2.5 m (8 – 10 ft)
Baffle depth (min)	≥ 1.25 m (4.1 ft)
Bench spacing (1 to 2)	4.0 m (13.1 ft)

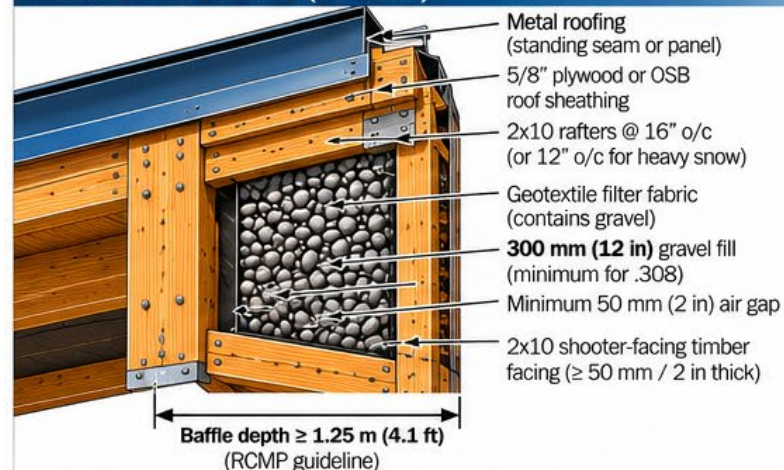

SAMPLE ONLY

Front posts	8x8 (pressure treated)
Main beams	2x10 (double where req.)
Rafters/Joists	2x10 @ 16" o/c
Roof sheathing	5/8" plywood or OSB
Roofing	Metal (standing seam or panel)

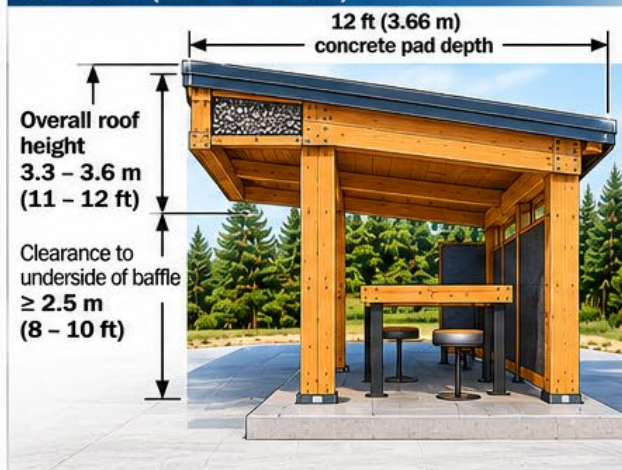

KEY FEATURES

- Integrated overhead ballistic baffle (300 mm gravel fill)
- No blue sky visible from any approved firing position
- 4 bench positions + 1 standing/prone position
- 8x8 end posts define left/right shooting angle limits
- Side walls and rear wall with acoustic treatment
- Heavy snow load design (Muskoka area)
- Designed in accordance with RCMP Range Design and Construction Guidelines (2023)
- All structural connections galvanized

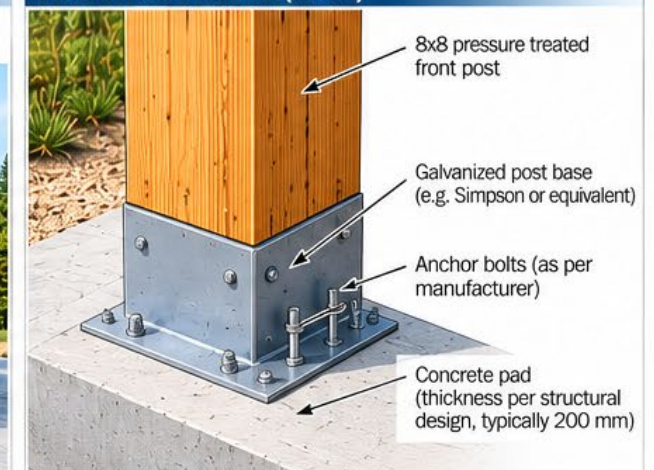

FRONT Baffle DETAIL (SECTION)

B. BAFFLE CROSS-SECTION DETAIL

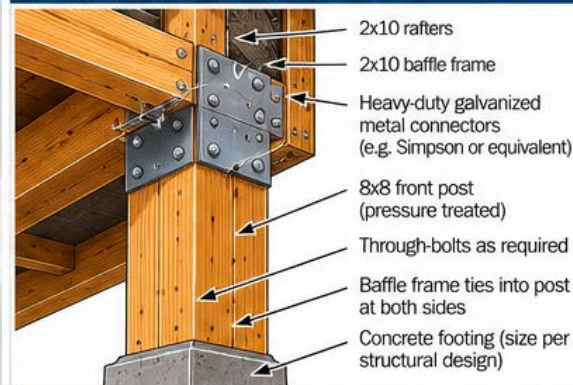

D. UNDERSIDE VIEW

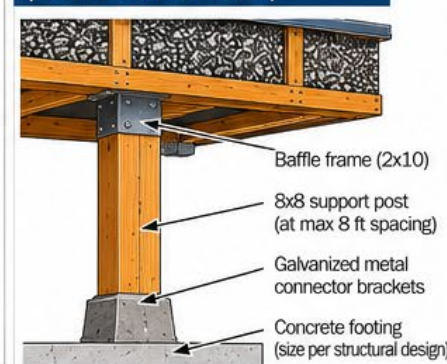

E. END VIEW

F. SUPPORT POST DETAIL (FRONT CORNER)

G. INTERNAL SUPPORT DETAIL (AT 8 FT MAX SPACING)

H. MATERIAL SPECIFICATIONS (TYPICAL)

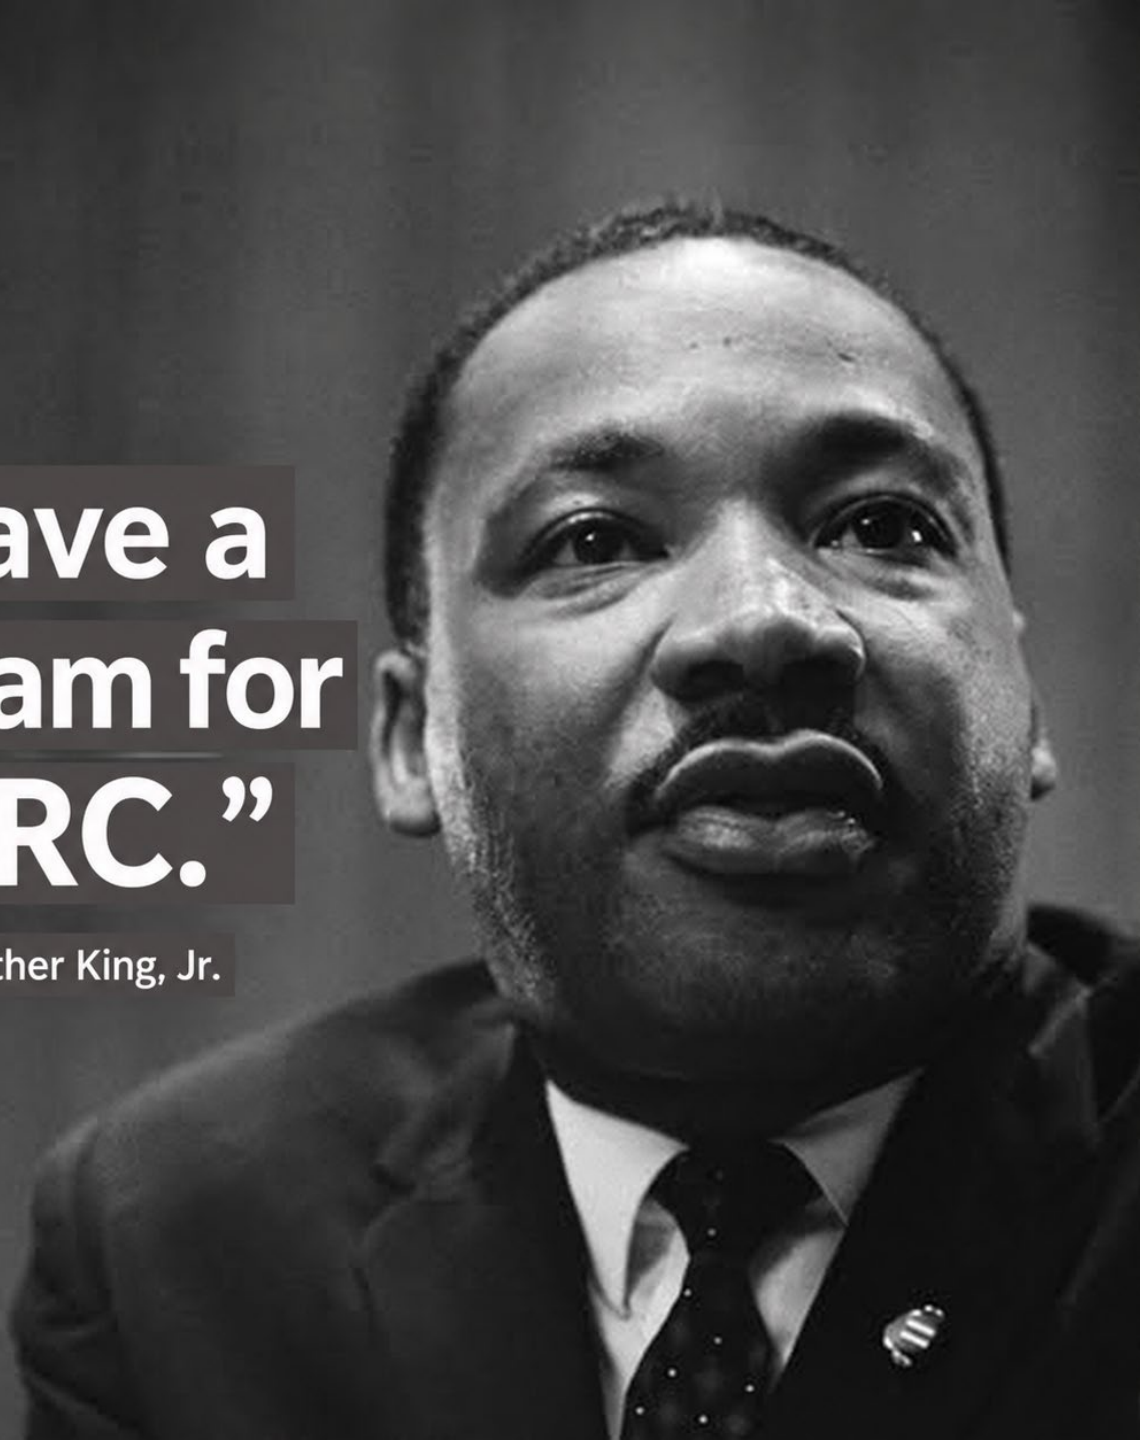

Component	Size / Type (Recommended)
Front posts (4)	8x8 pressure treated (or engineered)
Rear posts (4)	8x8 pressure treated (or engineered)
Main beams (front & rear)	2x10 (double where required)
Rafters/joists	2x10 @ 16" o/c (or 12" o/c high snow)
Baffle frame (front)	2x10 (double)
Baffle facing (shooter side)	2x10 (≥ 50 mm / 2 in thick)
Roof sheathing	5/8" plywood or OSB
Roofing	Metal roofing (standing seam or panel)
Gravel fill	10–20 mm crushed stone 300 mm (12 in) minimum (for .308)
Geotextile	Non-woven filter fabric
Fasteners	Galvanized structural screws/bolts, joist hangers, post bases, hurricane ties
Acoustic lining	Mineral wool or acoustic panels (50–100 mm thick)
Air gap	Minimum 50 mm (2 in)

I. KEY NOTES

1. Baffle design based on RCMP Range Design and Construction Guidelines (2023).
2. Minimum 300 mm (12 in) gravel fill for centre-fire rifles up to and including .308.
3. Minimum 50 mm (2 in) air gap between gravel and shooter-facing timber.
4. Baffle depth ≥ 1.25 m (4.1 ft) and no blue sky visible from any approved firing position.
5. Structural member sizes shown are recommended for Muskoka heavy snow loads. Final design to be confirmed by a qualified structural engineer.
6. All wood to be pressure treated / exterior grade and all connectors galvanized.
7. Baffle spans full 25 ft width and ties into side walls.

PROTECT YOURSELF

SAFETY • RESPECT • RESPONSIBILITY • OUR FUTURE

PROTECT THE CLUB

PROTECT YOURSELF

BE A RESPONSIBLE FIREARMS OWNER

FOLLOW FIREARM STORAGE RULES

Store your firearms safely and in accordance with all legal requirements.

FOLLOW TRANSPORTATION RULES

Transport your firearms properly and legally, following all applicable regulations.

HANDLE FIREARMS SAFELY

Always follow safe handling practices, keep muzzles in a safe direction, and be aware of your surroundings.

BE A STEWARD OF FIREARMS SAFETY

Set a good example, encourage safe behaviour and help promote a positive safety culture.

PROTECT THE CLUB

OUR RULES KEEP US IN BUSINESS

ONE SET OF RULES FOR EVERYONE

Everyone at the club follows the same rules and procedures. Consistency keeps the range safe and fair.

WE ALL STAY SAFE

We all leave the club with the same number of fingers and toes we arrived with.

IT'S HOW WE STAY IN BUSINESS

A safe and well-run club maintains our good standing with regulators, our public image, and our ability to continue operating for the future.

RESPECT EACH OTHER

Follow the rules, look out for one another, and help keep our club a safe and welcoming place for all members.

PROTECT YOURSELF PROTECT THE CLUB

STAY ENGAGED

Participate, volunteer
and get involved.

MAINTAIN MEMBERSHIP NUMBERS

Renew your membership
and encourage others
to join.

PROTECT THE CLUB

We stay viable if we all
follow the same rules
and stay safe.

BE A GOOD NEIGHBOR

Respect our community
and help keep positive
relationships.
